Religion:

In our Catholic Junior Kindergarten, religious development is of primary importance to us. It will be approached simply and in the total context of the child's life. We believe values are cultivated in a child not only through direct teaching, but also through example experienced in everyday situations. We will learn short prayers to be said at meals and at group times. Songs, stories and activities will be of religious nature.

Religion Themes:

God Made People

God Made Holy Things

God Made the Earth

God Made Living Things

God Made Surprises

We Celebrate Holy Days &

Holidays

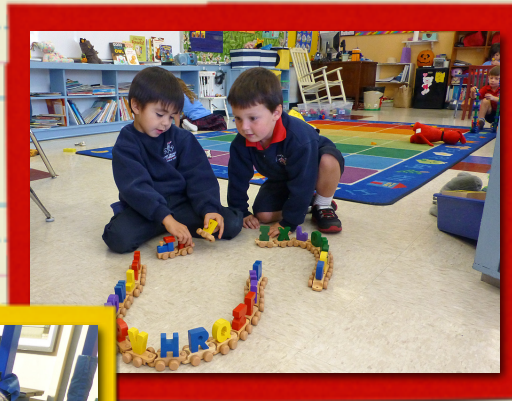

"Where Christ Embraces All"

4 Year Old JK Program

Welcoming both Catholic and
Non-Catholic Students

abcd
